Are Your Senior Administrators Members of ODK?

Throughout OΔK’s nearly 107-year history, the Society has embraced bringing students, faculty, staff, and administrators together to address matters of campus and community concern. Our governing body reflects this multi-generational aspect of the organization with having three students, three college presidents, six full-time faculty members, and three other senior administrators on our Board of Trustees.

Are the senior leaders of your institution members of Omicron Delta Kappa? If not, please consider them for membership during the next initiation ceremony for your circle. Administrative support can often provide resources to assist circles with their
initiatives. If you want to check whether an individual is already a member, please feel free to contact the National Headquarters.

National Invitation to Membership Program

OΔK will continue the National Invitation to Membership Program. We leverage the resources and prestige of the national organization to assist local circles with recruitment by directly contacting eligible students and their families. If you have been struggling with reaching the student audience you seek, maybe it is time to consider the national program.
