

Angelina M. Khourisader

OΔK Involvement and Candidate Statement

Society Involvement

- Active member of our chapter's executive board team as the communications chair
- creating and managing LinkedIn group
- Producing content for our ODK chapter to be posted on Rollins Social Media pages
- communicate/coordinate plans for the Alumni reception in March at our Alumni Weekend
- serving as a liaison between ODK and the office where I work (Alumni Engagement)
- General ODK event planning with the rest of the board
- planning leadership development programs for the campus community
- attend regular exec board meetings to maintain functioning ODK circle
- attended National Conference virtually in the spring of 2021
- Will be presenting at the National Conference in Lexington, Kentucky about incorporating non-traditional students into our Rollins Chapter. I will be presenting with our student President.

Candidate Statement

I am interested in serving on the OΔK Board of Trustees because I want to be able to make a difference within our organization at a national level. I am currently on the executive board of our chapter at Rollins College as the communication chair. I have been on the exact board since 2021 and will continue to be on the board until I graduate in the spring of 2023. My leadership philosophy is to lead by actions and no words. It is easy for us as leaders to talk the talk but it is harder to walk the walk and I personally believe that when our members and others see us living out what we say we can be more effective leaders than we ever could by just talking about how to be a good leader. I believe that leading by example is the best way to be an effective leader. My purpose for running is because I want to be able to make an impact on others and our communities. The reason that I am running for this position is because I want to be able to make a positive impact with like-minded individuals on this board to be able to develop the future leaders of tomorrow. My goals for our society's future includes being able to ensure that we maintain all of the chapters we already have established along with establishing new chapters at universities all over the US. When we create new chapters we are giving student leaders on their college campuses an area to grow as leaders as well as a place for leaders on campus to be in community with one another. I also think that more student representatives of the board will allow us to have cohesiveness among individuals who were in their ODK chapters and are still looking to stay involved and develop our future generations with the current students in the chapters who will have a better understanding of how it feels to be a student in ODK currently.
