"One of the highlights of my role as Faculty Advisor is traveling with a cohort to OΔK NLC. It's incredibly rewarding to see these student leaders step into professional settings, find the confidence to mingle and network, and continually show their pride as members of the Society."

- Joel Hermann (Maryville University, 2007)

Gift of Membership

No deserving college or university student should decline his or her invitation to join Omicron Delta Kappa because of cost. The Gift of Membership Program underwrites the national initiation fee for collegiate members who are Pell-eligible or who have other significant financial constraints. Through the provision of membership in OΔK, these collegiate members will have access to other programs including scholarships, leadership development programs, and career resources. The Key Fund also supports the gift of membership from historically underrepresented and marginalized ethnic populations.

Each circle is allowed to seek one gift each year. A circle advisor must apply on behalf of the collegiate applicant

OΔK Circle Annual Report

The FY 2021-22 Circle Annual Report form opened on April 1, 2022.

The OΔK Policies and Procedures Handbook requires each circle to complete the Circle Annual Report (CAR). The Circle Annual Report is not just a formality to give circle advisors more work. It is a critical information-gathering tool for the Society. Only circles that have submitted the Circle Annual Report are eligible for [circle recognition awards](#).

The Circle Annual Report [webpage](#) has tips for efficiently completing the report. You can download a .pdf version of the survey that allows you to gather the necessary data in advance. The survey allows you to save and return to your entry if you get interrupted.

In FY 2021, we only had 65% of active circles submit an annual report. We should have 100%. Please do your part and complete the CAR.

The deadline for Circle Annual Reports is Thursday, June 30, 2022.

Special Recognition Certificates

Did you know that ODK can produce special recognition certificates for your members at a nominal cost? Recognize a member for extraordinary achievement or recognizing a retiring faculty or staff member for their service to the circle. Whatever the occasion, ODK can create a certificate with the official seal to make the recognition of members even more special.
